

**Two Sunset Pointe Homeowners Association, Inc.
Guidelines for the Installation and Display
of Flags and Flagpoles**

1. The only flags which may be displayed are: (i) the flag of the United States of America; (ii) the flag of the State of Texas; and (iii) an official or replica flag of any branch of the United States armed forces. No other types of flags, pennants, banners, kits or similar types of displays are permitted on a Lot if the display is visible from a street or Common Area.
2. The flag of the United States must be displayed in accordance with 4 U.S.C Sections 5-10.
3. The flag of the State of Texas must be displayed in accordance with Chapter 3100 of the Texas Government Code.
4. Any freestanding flagpole, or flagpole attached to a dwelling, shall be constructed of permanent, long-lasting materials. The materials used for the flagpole shall be harmonious with the dwelling and have a finish appropriate to the materials used in the construction of the flagpole. The materials used for the flagpole shall have a silver finish with a silver or gold ball at the top. The diameter of the flagpole may not exceed 2.5 inches.
5. The display of a flag, or the location and construction of the supporting flagpole, shall comply with applicable zoning ordinances, easements, and setbacks of record.
6. A displayed flag, and the flagpole on which it is flown, shall be maintained in good condition at all times. Any flag that is deteriorated must be replaced or removed. Any flagpole that is structurally unsafe or deteriorated shall be repaired, replaced, or removed.
7. Only one flagpole will be allowed per Lot. A flagpole can either be securely attached to the face of the dwelling (no other structure) or be a freestanding flagpole. A flagpole attached to the dwelling may not exceed 8 feet in length. A freestanding flagpole may not exceed 20 feet in height. Any freestanding flagpole must be located in either the front yard or backyard of a Lot, and there must be a distance of at least 5 feet between the flagpole and the property line.
8. Any flag flown or displayed on a freestanding flagpole may be no smaller than 3' x 5' and no larger than 4' x 6'.
9. Any flag flown or displayed on a flagpole attached to the dwelling may be no larger than 4' x 6'.
10. Any freestanding flagpole must be equipped to minimize halyard noise. The preferred method is through the use of an internal halyard system. Alternatively, swivel snap hooks must be covered or "Quiet Halyard" Flag snaps installed. Neighbor complaints of noisy halyards are a basis to have a flag removed until the Owner resolves the noise complaint.

11. The illumination of a flag is allowed so long as it does not create a disturbance to other residents in the community. Solar powered, pole mounted light fixtures are preferred as opposed to ground mounted light fixtures. Compliance with all municipal requirements for electrical ground mounted installations must be certified by the Owner. Flag illumination may not shine into another dwelling. Neighbor complaints regarding flag illumination are a basis to prohibit further illumination until the Owner resolves complaint.
12. Flagpoles shall not be installed in Common Area or property maintained by the Association.
13. All flagpole installations must receive prior written approval from Architectural Review Committee.
