

Recommended Plant Materials TOLE

Plant Material: All required plant material, including required residential trees, shall be from the following list unless alternate plant materials are approved through the landscape plan. The large trees may be placed in the front or rear of a residential lot, with at least one large canopy tree planted in the front yard. Trees may not be planted in the area between the sidewalk and the road.

Yard: All residential lawns under 20,000 square feet and all other disturbed soil areas must be covered with vegetation, including sodded grass, living groundcover, mulch, and/or decorative stone, in order to help hold the soil in place and prevent erosion. Mulch, living groundcover, gravel, rock gardens, and decorative stone may be used for patterns, beds, erosion control, and in other limited application; however their use shall not be the predominant groundcover.
